

M(6) With AnthOrigin

AnthOrigin® Cyanidin-3-Glucoside Purple Maize Extract

This amazing ingredient is sourced from completely United States grown Purple Maize. This natural product is put through a clean water extraction process to concentrate its content of Anthocyanins and specifically, C3G. C3G is a member of the anthocyanin family, a class of natural molecules that have profound effects as anti-oxidants. The effects of anthocyanins support both weight loss and overall health. C3G is proven to be the most effective anthocyanin, having been clinically proven to demonstrate remarkable effects in reducing/slowing down fatty acid storage at the cellular level. This means that you can lose weight faster and more safely than ever before.

DIRECTIONS:

Take 2 capsules upon waking before first meal or before exercise. An additional serving of 2 capsules may be taken 4 hours later before a meal or exercise session to support intense training needs and metabolic goals.
