

SIRT1 ACTIVATOR ULTRA PURE RESVERATROL

98% Trans-Resveratrol Extract

Resveratrol promotes free-radical reduction¹ by increasing vital sirtuin activities. It also supports the immune² and cardiovascular³ systems, as well as healthy lipid levels⁴. There has been a substantial amount of science and research behind this powerful ingredient

HOW TO ACTIVATE SIRTUINS

Through lifestyle interventions, sirtuins are only known to be activated by fasting, exercising, and now with the very powerful S(9), 98% Ultra Pure Trans-Resveratrol Extract.

By activating sirtuins, we can naturally slow the cellular aging process.

Take 1 capsule before bed, preferably 30 minutes after consuming your last meal.
